Event Description：

The poster hyperlink：	https://mp.weixin.qq.com/s/p9PTc5OwM0sYGWVd-niXsQ
Event Name：	Sharing of Cutting-Edge Technology for Inventory Management
Venue：online	；Event No. 23402 ；Date & Time: Mar. 1, 2023; 20:00-21:30
Event Hours: 1.5h	；Professional Development Points：1.5

Event Introduction

1) The Challenges of Inventory Management

2) Inventory Management Fundamentals

3) A multi-cycle approach to inventory management

4) Application Exploration in Leading Companies

5) Q&A

Instructor Introduction

Bo Li

Associate Professor, Ningbo (China) Institute of Supply Chain Innovation, Adjunct Fellow, MIT Center for Transportation and Logistics

D. in Business Administration from Texas A&M University and was a visiting scholar at the MIT Center for Transportation and Logistics. In addition to his PhD, he received a Master of Engineering degree from MIT, USA and a Master of Science degree from Nanyang Technological University, Singapore, and a Bachelor of Engineering degree from Shanghai Jiao Tong University. He has long been engaged in the field of supply chain management, especially in the theoretical and applied research of supply chain management in retail, healthcare, and cloud services, and has achieved results in risk analysis of inventory management, process improvement and competitive strategies for cloud services, and has published academic papers in several top international academic journals, top international academic journals, and internationally renowned academic journals. He has also served as a reviewer for several leading international academic journals such as European Journal of Operational Research, International Journal of Production Research, and Decision Sciences Journal.

He has worked for Fortune 500 companies such as Schlumberger and KLA-Tencor. He has also received the Second Prize of Science and Technology Progress of China Federation of Purchasing and Logistics in 2018, and has been selected for the 2017 Ningbo Leading and Selective Talent Training Program, 2018 Qianjiang Talent Program of Zhejiang Province, and Ningbo Supply Chain Innovation and Application Expert Committee.
